

RoHS DECLARATION

Dear reader,

This letter is to verify that the sensors from our standard portfolio, without cables, are compliant with the following EU Directive:

Directive 2011/65/EU, about Restriction on Use of Hazardous Substances in Electrical and Electronic Equipment (RoHS II), and the amendment 2015/863/EU (RoHS III).

- DIS Sensors BV confirms that the above-mentioned products are known not to contain the forbidden substances listed in the above-mentioned RoHS directives in concentrations that exceed the maximum permissible concentration defined therein. Exemption, as allowed in accordance with 2011/65/EU, Annex III, 6c: copper alloy of the connector-contacts contains max. 4% lead.

This declaration has been prepared following the guideline of standard IEC 63000:2018.

This declaration has been prepared and issued based on currently applicable laws and regulations and our best knowledge and expertise currently available. This declaration replaces all previous ones relating to this subject.

This declaration does not cover customer specific sensors.

Yours sincerely,

P.A.H. Hoksbergen
QA Approval Engineer
